MODULE 1

The 4 Romantic Aura Archetypes

Have you ever noticed that you seem to attract the identical relationship pattern repeatedly, regardless of who you date? In energetic psychology, you do not attract who you desire consciously; you attract who resonates with your **dominant electromagnetic aura center**.

💡

The Heart-Chakra Frequency Anchor

The human heart generates an electromagnetic field 5,000 times stronger than the brain. Unconscious emotional blocks, childhood vows, or unresolved relationship wounds project a subtle vibrational frequency that repels aligned partners while magnetically attracting karmic lessons.

Aura Archetype	Dominant Core Energy	Primary Subconscious Block	Ideal Soulmate Match
The Empathic Healer (Emerald Aura)	Unconditional giving, emotional sensitivity	Attracts emotionally unavailable partners seeking fixing	The Grounded Guardian (Stable Earth Archetype)
The Mystic Visionary (Indigo Aura)	Deep intuition, spiritual connection, independence	Fear of losing personal freedom or identity in intimacy	The Intellectual Catalyst (Dynamic Air Archetype)
The Passionate Catalyst (Crimson Aura)	High charisma, intense drive, bold leadership	Impulsive passion burns out into emotional turbulence	The Calming Sanctuary (Deep Water Archetype)
The Devoted Anchor (Golden Aura)	Loyalty, family devotion, domestic harmony	Fear of abandonment leads to staying in stagnant bonds	The Inspiring Trailblazer (Bold Fire Archetype)

Score each question from 1 (Never) to 5 (Always) to determine whether your aura is currently in a state of *Magnetic Receptivity* or *Defensive Protection*:

- ☐ **1. Romantic Boundaries:** When someone you love expresses emotional distress, can you empathize without taking on their physical tension in your own body? (1–5)
- ☐ **2. Intuitive Trust:** When your gut instinct warns you about someone's hidden motives, do you honor that feeling immediately without rationalizing it away? (1–5)
- ☐ **3. Past Karmic Cord Cutting:** Have you completely released emotional resentment toward your previous significant relationship? (1–5)
- ☐ **4. Receptive Vulnerability:** Do you allow yourself to be seen in your moments of imperfection without withdrawing behind humor or aloofness? (1–5)
